Profile Summary

Data Science enthusiast and technical professional with experience in machine learning, data analysis, and web development. Currently working as a Technical Line Manager at PNG Global Enterprises after a rapid promotion from Software Developer within 2 months. Skilled in Python, ML models, and building interactive applications using Streamlit. Strong ability to bridge technical and business requirements.

Work Experience

Technical Line Manager

Mar 2025 – Present

PNG Global Enterprises

- Promoted within 2 months based on performance and technical contribution.
- Manage technical workflows and oversee project execution.
- Coordinate between development teams and business stakeholders.
- Support system-level operations and ensure smooth delivery.

Software Developer

Jan 2025 – Feb 2025

PNG Global Enterprises

- Worked on web and system-based development tasks.
- Assisted in debugging, feature development, and implementation.
- Gained hands-on experience in real-time project environments.

Data Science Intern

Mar 2025 – Jul 2025

Gradtwin

- Built and evaluated ML models for disease prediction and classification.
- Performed data preprocessing, feature engineering using Python libraries.
- Developed dashboards and ML apps using Streamlit.
- Evaluated models using accuracy, precision, and recall.

Education

Bachelor of Science (Biotechnology)

2022 – 2025

Bharath University

Skills

Technical: Python, Pandas, NumPy, Scikit-learn, Data Analysis, Machine Learning, Streamlit, HTML, CSS, JavaScript, PHP, WordPress, MySQL, Git, GitHub

Soft Skills: Communication, Teamwork, Problem Solving

Projects

Heart Disease Prediction (ML Web App)

- Built using Streamlit with multiple ML models (LR, RF, SVM, KNN).
- Visualized model performance using accuracy comparison.

Custom Dataset ML Pipeline

- Created dynamic ML pipeline for user-uploaded datasets.
- Enabled preprocessing, training, and model comparison.

Languages

Tamil (Native), English (Fluent), Japanese (Basic)
